(54) Title: A DIRECTION LOCATOR FOR CELLULAR TELEPHONE

WO 2005/054888 A3

(57) Abstract: The present invention discloses a direction locator (4) for cellular telephone (1) and to a method for using it. More specifically, the present invention relates to a compass free and GPS free cellular telephone, having means to direct (4) its user the direction of predetermined sites (3) on the globes. The present invention also relates to a method for indicating said direction, to means for such cellular guidance and to a method of doing business from said locator.
